4-COLOR OFFSET PRINTING WITH HIGH GLOSS LACQUER FINISH

QTY.	UNIT	TOTAL
500	\$3.00	\$1500.00
1000	\$1.75	\$1750.00
2500	\$1.65	\$4125.00
5000	\$1.45	\$7250.00
10000	\$1.30	\$11300.00

GENERAL INFORMATION:

- **Print Material Preparation:** AVG provides professional graphic design or you can supply your own design. If you plan to supply your own, please request templates (for booklets, tray cards and CD label printing). Print materials that do not meet factory specifications may be unusable or require additional assembly charges. Art or film out of spec may require additional charges.
- **Masters:** Masters may be submitted in an analog format, CD-R or DAT. The master should be submitted exactly as you want your CD to be replicated, or you may arrange with AVG for editing services. Please include, along with your master, a list of the track titles and running times.
- **Digital Editing Services:** Digital editing is available if your project requires editing prior to replication. Editing charges are \$75.00 per hour with a one hour minimum.
- **Turnaround time:** Turnaround time averages two to three weeks. Rush services may be arranged. Please call for more information and availability of rush services.
- **Terms:** A 50% deposit is required upon placing the order with the balance due upon completion and prior to delivery. Any custom printed materials must be paid for in full in advance. All prices are FOB Independence, Missouri.
- **Guarantee:** AVG guarantees all of our products. Any defective CDs will be promptly replaced.
- **Quantities less than 250 CDs:** AVG offers CD-R replication in quantities less than 250. See next page for pricing.

CD PACKAGE DESIGN

Before you choose a design package from the following pages, please consider the following questions:

1. How many pages do you need for your folder or booklet to fit all of your text and images.
2. Do you want to print full-color or a black/white color scheme on your print materials.
3. How many will you need to print?
4. Would you like to print the back side of the tray card so it shows through a clear jewel box tray?

Once you have decided on your package, here is what AVG needs to design your project:

1. Compile any photographs, original art, logos or other images you would like to use on the print materials.
(Hint: for best results, provide all photos from a photo shoot, even if you don't like them. Sometimes small sections of a bad photo will make interesting design elements or backgrounds.)

2. Compile all of your text, which may include:

Title and artist

Tune list w/times

Publishing information for each song

Personnel

Liner notes

Credits, thank-you's

Product number (goes on the spine of the tray card or j-card for re-sellers to order product from you)

Record label name

Contact information

Copyright holder

Text must be provided in one of the following ways (in order of preference): email, disc, computer generated or typewritten paper, handwritten. All text must be spellchecked and in its final form. AVG assumes no responsibility for errors in the text.

3. Feel free to provide any ideas for the design style or the mood that you would like to capture. Examples of other CD or cassette printed materials or other printed materials are acceptable, too.

4. The prices on the following pages are merely guidelines. When you have made your decisions and gathered the items above, AVG will provide you with a complete estimate for your job. If you're not sure about anything in this price guide or have questions, please call for a free consultation.
